About me: Web Developer with a Passion for UX Design

Beautiful, fast, and accessible websites for everyone – this vision shapes my work. Since 2020, I have supported agencies and companies as a freelance senior frontend web developer.

- Network and collaboration: well-connected with designers and developers, external team member at defacto|ci and Berlingeschwister.
- Community Involvement: Former Co-organizer of the Cologne Web Performance Optimization Meetup (2019–2021) and long-serving chairman of Skate Association Germany e.V.
- Working style: team-oriented, strong communication skills, and flexible.
- Mobility: based in Berlin, flexible and willing to travel (full driving license and car).

I am looking forward to working together with you!
